

Authorized Eagle Carports Dealers,

As you are already aware, increasing demand for steel and steel products in the US has forced Eagle to increase the price of our products. The new price list that is effective on April 1, 2021 is attached below.

When you take a look at these prices sheet you will notice several differences from the pricing sheets of the past. To help speed up noticing those differences, we have listed them below. They are as follows:

- THESE PRICES GO INTO EFFECT ON APRIL 1ST, 2021. UNFORTUNATELY, EAGLE CARPORTS WILL NOT BE ABLE TO OFFER ANY EXTENSIONS ON THE IMPLEMENTATION OF THESE NEW PRICES, AS THE HIGHER PRICE STEEL IS ALREADY ARRIVING OUR MANUFACTURING PLANTS
- Gable Ends are now individually priced by end width.
- Earth Auger anchors (Mobile Home Anchors) are now included at no charge on all units installed on earth or asphalt.
- 12 gauge framing upgrades are temporarily unavailable (new price books will be provided in the future with units priced in 12 gauge from top to bottom end to end)
- We now clearly reference that our standard prices are intended for Risk Category 1 and Wind Exposure B only. Risk Cat 2 and Wind Exposure C are still available. Please contact Dealer Support for pricing.
- 13' and 14' tall Eave Heights no longer include an asterisk (*) indicating they will consist of Single Reinforced Legs. Open units may still require SRL, others may not. SRL will be delivered if the engineering requires such.
- The 12 x 12 garage door on blue flyers are now \$1500.00. This increase is higher than some of our other doors. This is due to demand, lack of availability and the expense to ship doors of this size.
- Loafing Sheds do not include certification. Certification can be added if the open side supports are sold as 1' wide supports. (it will look like the 1' sections between two garage doors for your reference)
- Commercial units 32' - 40' wide will still be available. Starting April 1st, 2021, use the prices listed in our 2020 *prices effective September 2020* price books and add 35% to the subtotal of those units. Price books for these units will arrive in the coming weeks.
- 42' - 60' wide units are still available, please contact dealer support for pricing and allow a few days for our team to adequately research the area, and price the unit accordingly.

As always, we appreciate your representation and understanding in these rapidly changing times.

Best Regards,

Gabriel Torres
General Manager
